

NATIVAE

Trebbiano D'Abruzzo

NATIVAE Trebbiano D'Abruzzo DOP is a wine obtained with spontaneous fermentation of the wild yeast hidden in the grape. Unfiltered and unclarified. This extraordinary wine is from 40 year old grapes cultivated with wisdom. This wine is our respect for the tradition of the native region. This is fine winemaking at its purest, most fundamental level.

In cement tanks before bottling followed by 3 months in bottle

Closure

Natural cork

Organoleptic evaluation

This wine strikes your senses in all of its aspects beginning with its appearance. The aroma and palate are arresting, complex expressions that defy description or conversely, invite a myriad of words that can never quite get at everything that's going on. The end result is an amazingly complex and profound wine that can age for years, even a decade or more.
